# Enhancing Competencies for Future Nurses in the United Kingdom and Indonesia through Transnational Nursing Education (TNE Nurse UKIND)

Priharjo, R; Alim, S; Jenkins, L; Samuel, H; Shaw, S; Aulawi, K; Pertiwi, AP; Poernomo, W; Izzati, R.

# Outline

- Collaboration background
- Overview of transnational education
- Team introduction
- Project aims/ objectives
- Key activities/ timetable
- Milestones and project output

# ARU- UGM Team

- Dr Robert Priharjo : Project Lead
- Dr Louise Jenkins
- Dr Hephzibah Samuel
- Dr Sian Shaw
- Dr Syahirul Alim: Co-project lead UGM
- Dr Khudazi Aulawi
- Dr Widyawati
- Dr Ariani Arista Putri
- Rahma Mahdia Izzati and Arrif Annurrahman

# Background

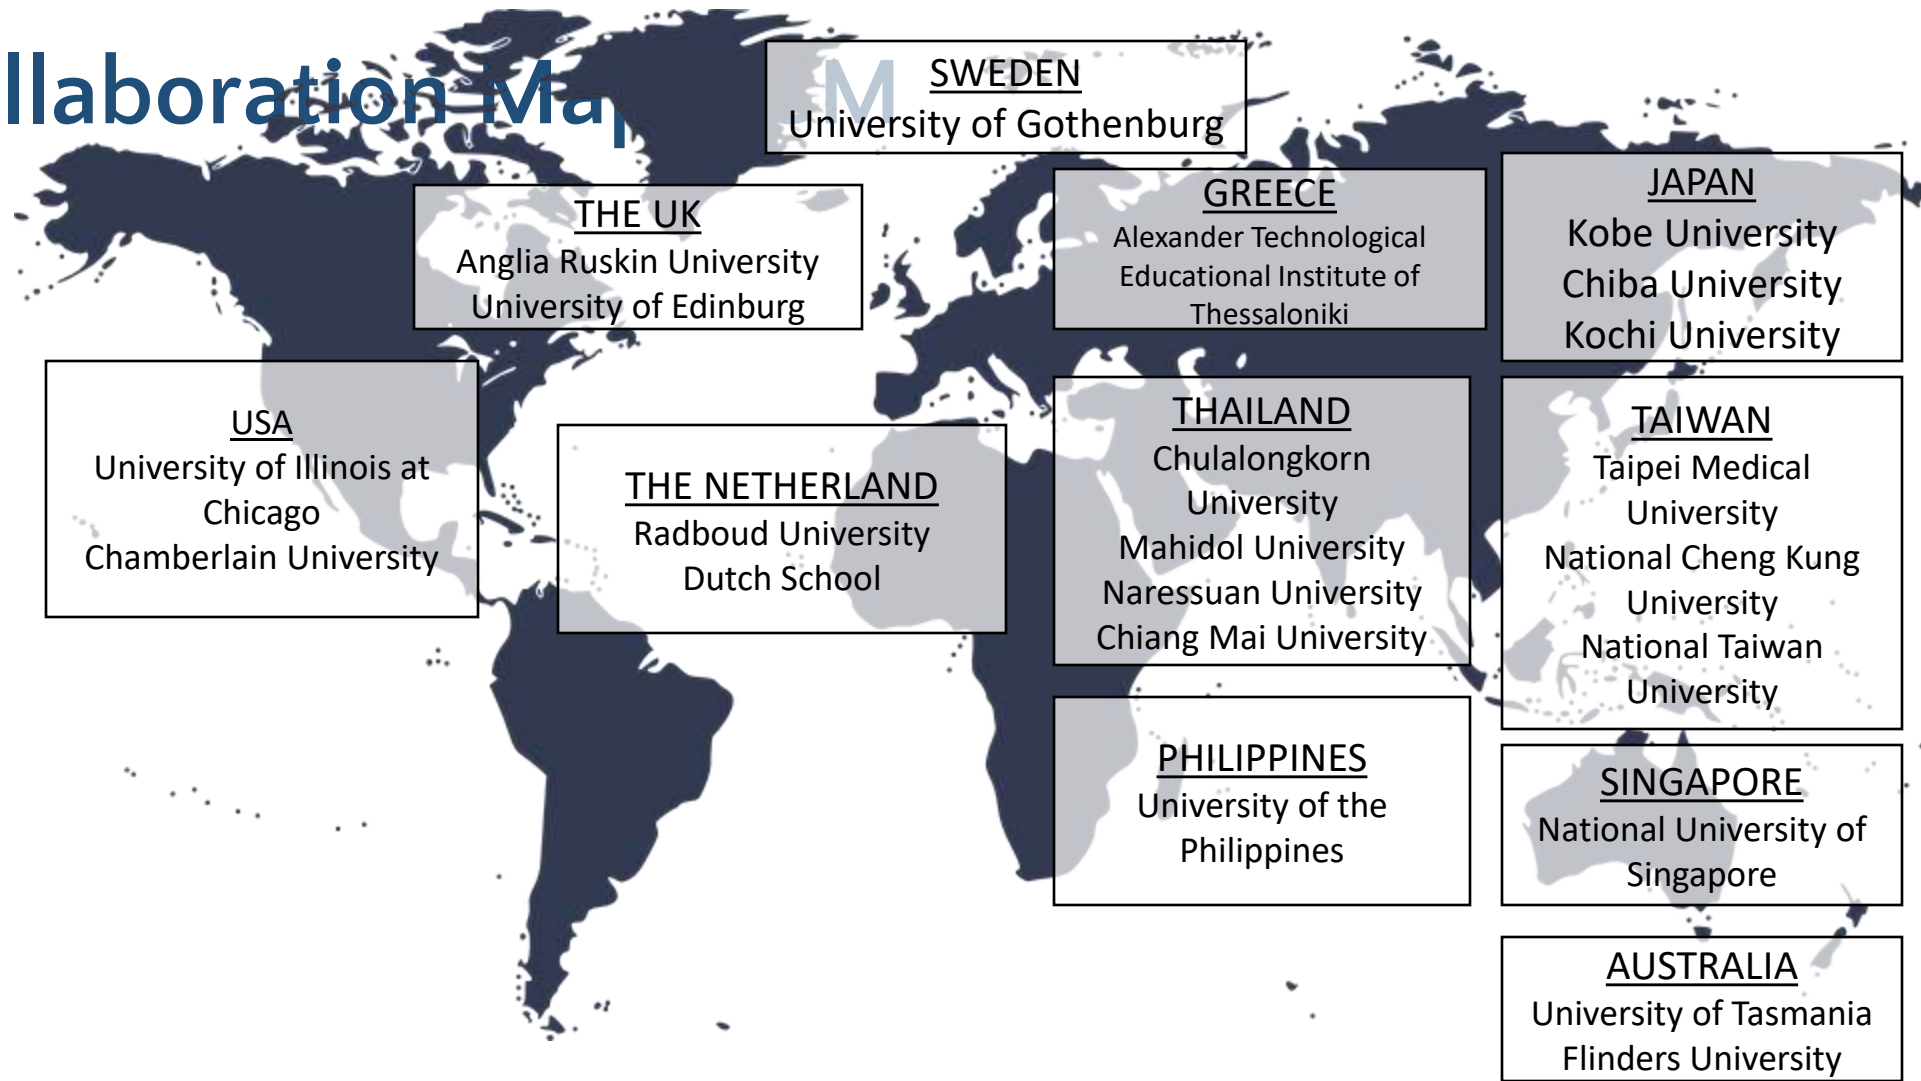

- The State of the World's Nursing 2020 (WHO, 2020) recommends investment in nursing education by accelerating and sustaining jobs and leadership to avoid a six million-strong global workforce shortage and to meet the goal of “health for all by 2030”.
- Covid-19 pandemic and experiences in responding to higher education challenges during the pandemic
- UK and Indonesia nursing education standards and deliveries
- Previous activities/collaborations between ARU and UGM.

# Nursing workforce (Indonesia and UK)

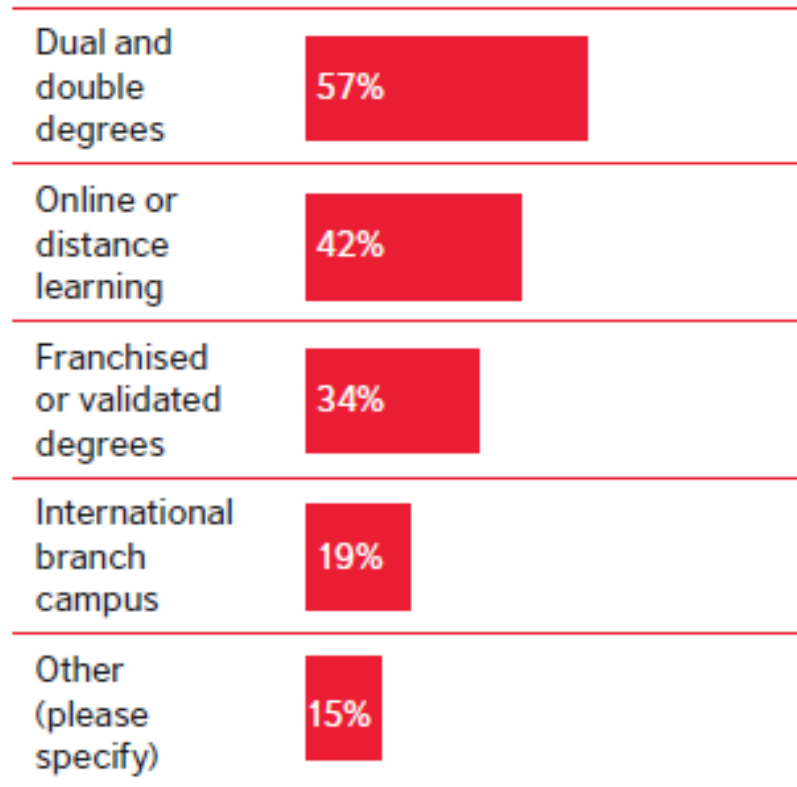

- WHO National Health Workforce
- **UK Nursing workforce:** e.g. NHS nursing workforce - UK Parliament Committees Building the NHS workforce in England, The UK Nursing Labour Market 2020 (RCN), Nursing workforce international recruitment (NHS England)
- **Indonesia nursing workforce:** e.g. Pusat Data dan Informasi Kemkes, Badan PPSDM, BNP2TKI, PPNI

# Collaboration Map

# Type of TNE Activities

## Sustainability Goals:

TNE Partnerships are a primary driver in achieving the sustainability development goals: education, gender and equality.

(Ilieva, et al., British Council, 2022)

# Project Description

UNIVERSITAS GADJAH MADA

**Project Purpose** *To enhance a collaboration between UK and Indonesia in education in nursing competencies that are transferable and relevant to the health care systems in Indonesia and the United Kingdom. The targets are nursing higher education institutions, nursing organizations and relevant stake holders.*

**Start & End Date** January 2022 - December 2023

**Seminar 1: Feb 24, 2022**

Education innovations

**Seminar 2 & Workshop: July 27-28 2022**

Competencies and evaluation (OSCEs)

**Nursing Curriculum Workshop and Visits**

Nov, 24- Dec, 1 2022 (UGM, Indonesia),  
May 2023 (ARU, UK)

**Joint teaching programmes**

**Outputs:** Project report, joint teaching sessions, curriculum mapping, recommendations and future TNE collaboration

# 1<sup>st</sup> Webinar on New Innovations & Strategies in Nursing Education to Respond to Challenges Caused by Covid-19

**Virtual Seminar**  
**New Innovations and Strategies in Nursing Education to Respond to Challenges Caused by Unprecedented and Ongoing COVID-19**

**THURSDAY, 24<sup>th</sup> FEB 2022**  
15:00- 19:30 WIB / 08:00- 12:30 UK Time

**FEATURED SPEAKERS**

**United Kingdom**   
Dr. Robert Priharjo  
Dr. Louise Jenkins  
Dr. Hephzibah Samuel

**Indonesia**   
Agus Setiawan, SKp., MN., DN  
Dr. Harif Fadhillah, SKp. SH., M.Kep., MH

 **ONLINE VIA ZOOM MEETING**  
(Capacity 250 persons max.)

 **FREE REGISTER AT**  
<http://tiny.cc/TNEARU-UGM>

Logos at the top of the poster include: a.r.u. Anglia Ruskin University, UNIVERSITAS GADJAH MADA, and BRITISH COUNCIL Indonesia Foundation.

## Seminar 2 & Workshop: July 27-28 2022

### Competencies and evaluation (OSCEs)

- **Group 1:** Students' experiences Group1 : Entry requirements, selection, induction/ orientation
- **Group 2:** Standards or curriculum : How the proficiencies are structured (e.g., platforms/ dimensions/values/principles, levelling)
- **Group3:** Teaching and learning: core modules, credits, teaching methods and assessment (theories)
- **Group 4:** Practice opportunities, supervision and assessment
- **Group 5:** Final confirmation/ registration process/ employability/carrier progression

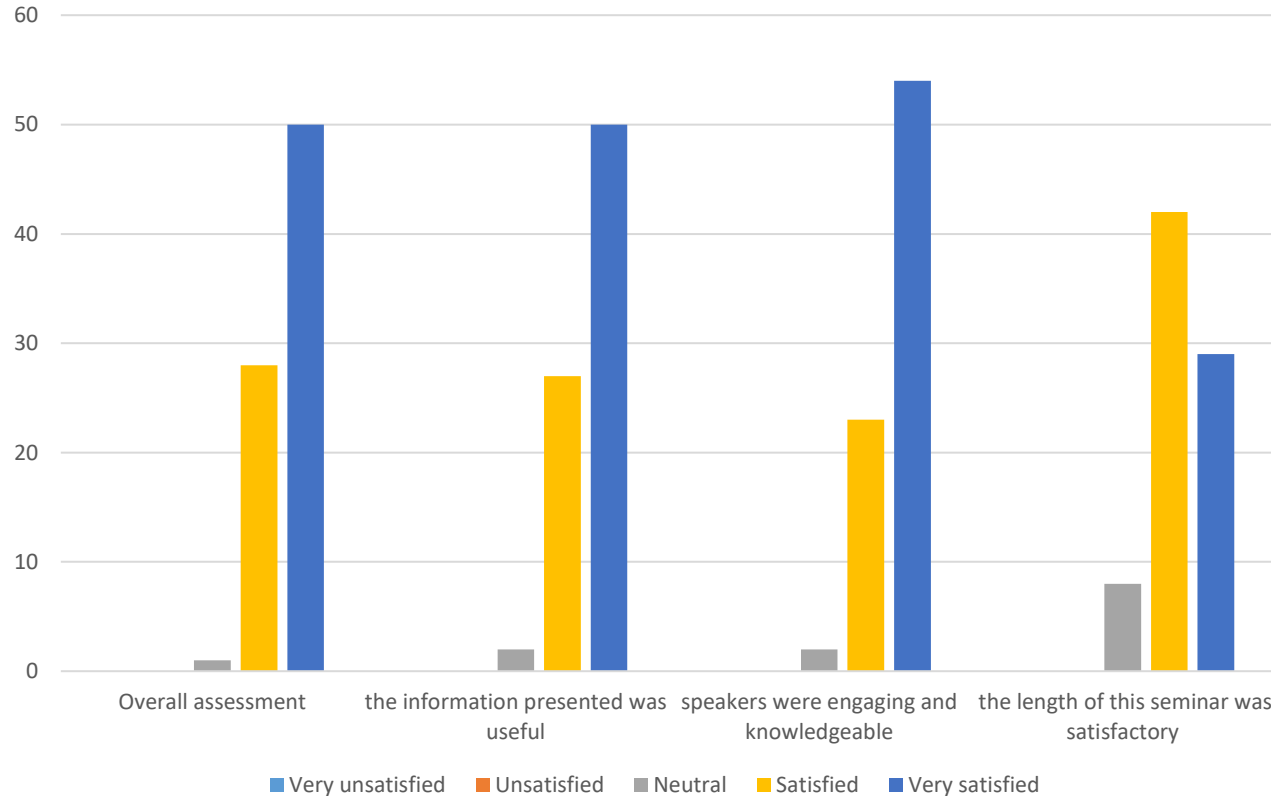

# Curriculum benchmarks and workshops in Yogyakarta and Cambridge (Nov 2022, May 2023)

# Curriculum benchmarks and workshops in Yogyakarta and Cambridge (Nov 2022, May 2023)

Virtual Seminar Evaluation (79)

“Hopefully, this will be one trigger that makes Indonesian nurses achieve global recognition...”

“I think it would be interesting to hear and share about the lecturers' experiences in teaching during this pandemic situation. So, we all can learn from nursing educators around the globe what kind of situations and strategies applied to "survive"...”

“Great webinar! Waiting for the next webinar...”

“Interesting topics! So inspiring also! Well done committee...”

## Milestones and Outputs

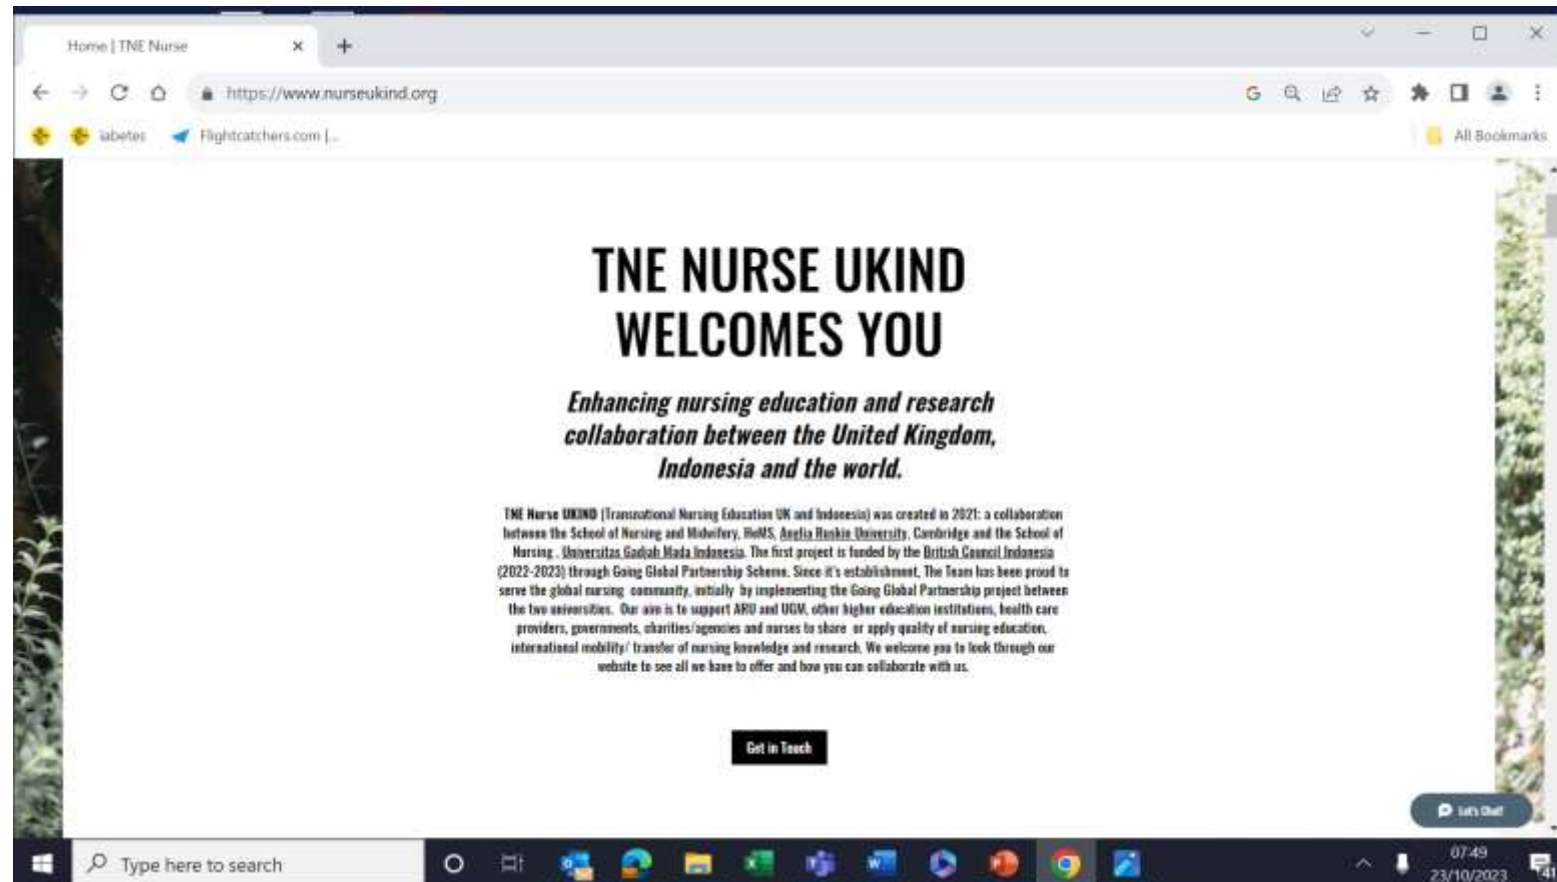

- Transfer of knowledge and skills in nursing education- **return on investment**
- Curriculum mapping and recommendations- **Cost, recourse, schedule**
- Stronger collaboration between UK-Indonesia- **staff development/ satisfaction/ resource capacity**
- Potential research output and publication- **return on investment**

## What Next?

- Regular meetings
- Levelling up core clinical nursing skills
- International students' placements and summer course programmes in Yogyakarta
- Research collaboration
- Forming further international alliances
